Status Update on Department of Health Services COVID-19 Efforts

LA County Board of Supervisors
Tuesday, May 17, 2022

Number of COVID-19 Inpatients* by DHS Hospital for the past 28 days, Ending on May 15th, 2022

Source: Department of Health Services (DHS), May 16, 2022, 8:29 AM.

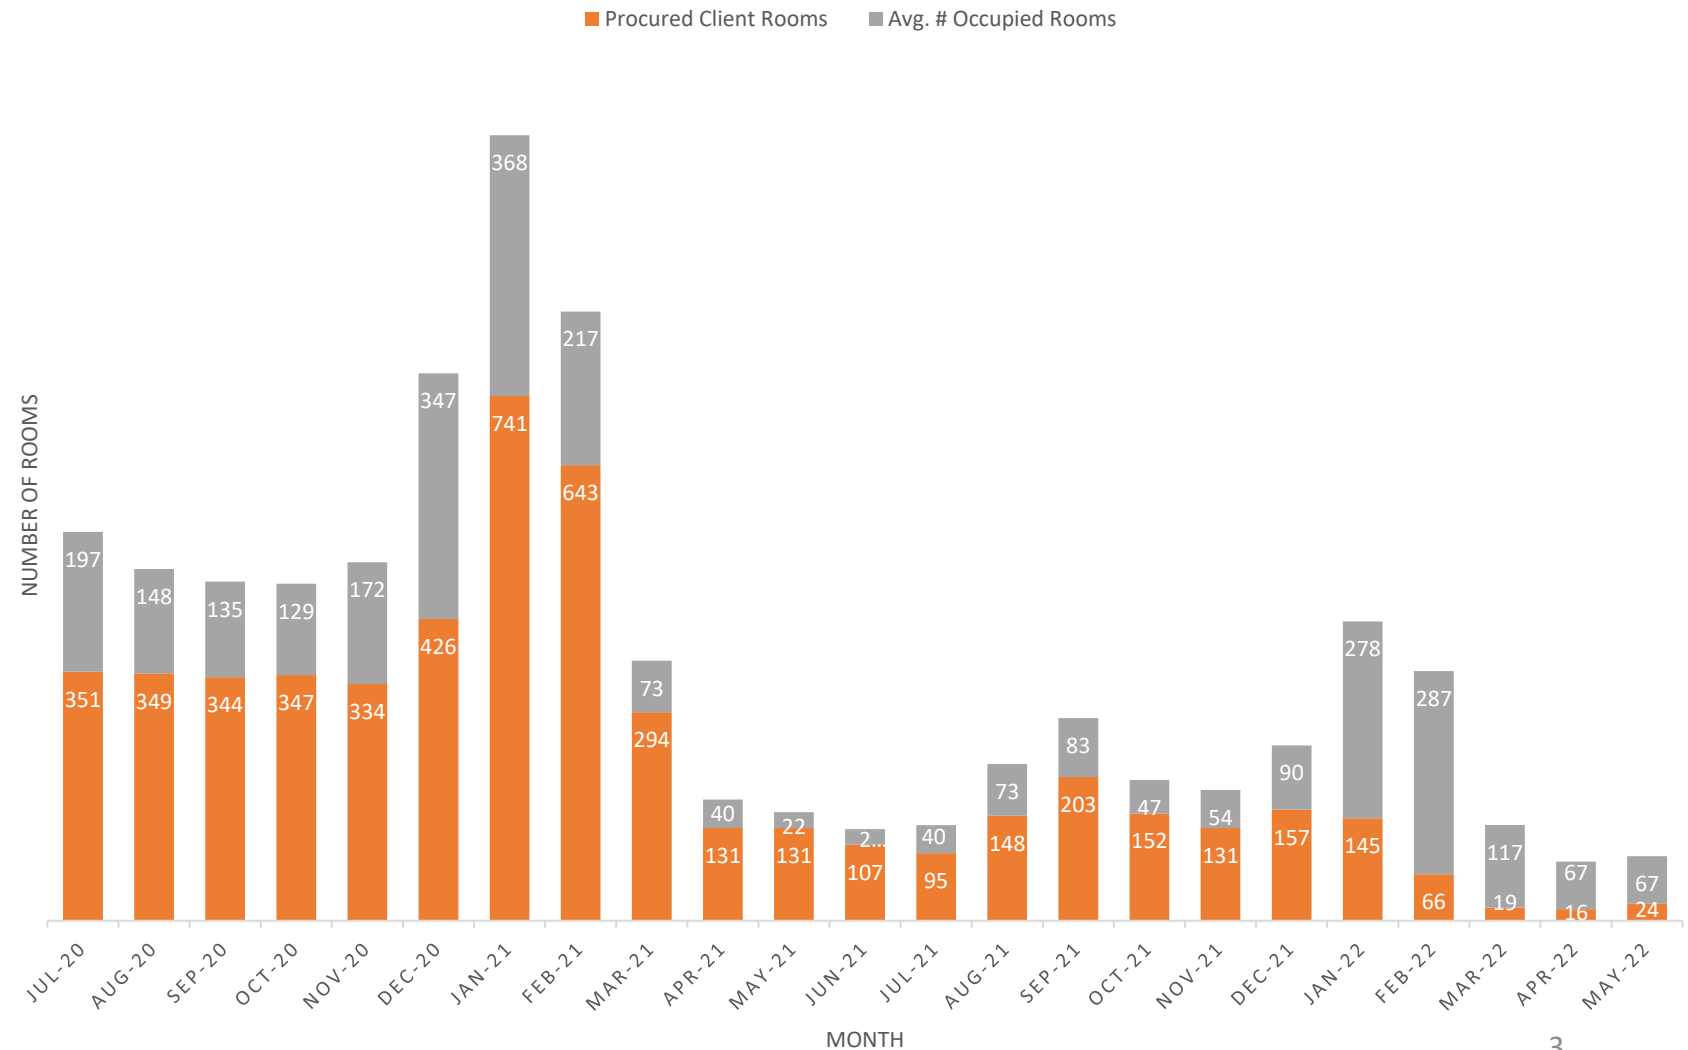

*A COVID-19 hospital admission is defined by:

1. A positive COVID PCR test at any point during the hospital stay.
2. A hospital admission with an ICD-10 diagnosis code of U07.1
3. Any hospital admissions within 30 days of a positive COVID PCR test.

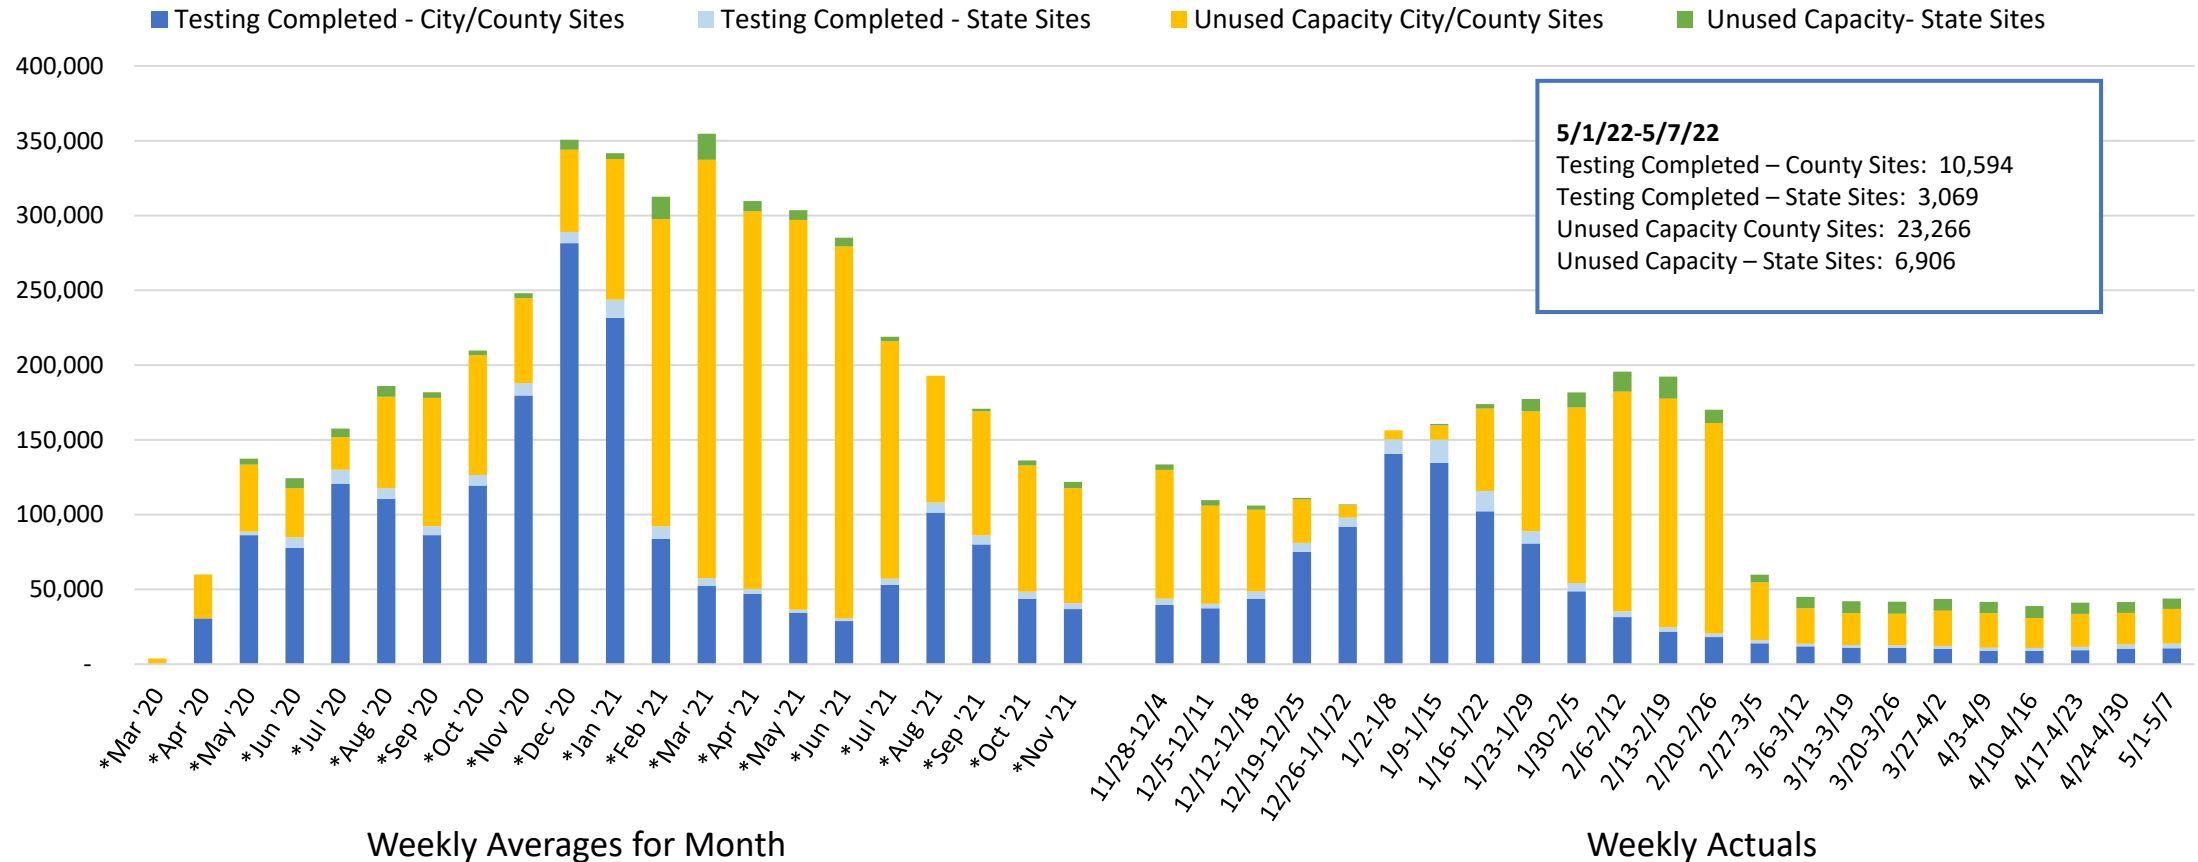

Quarantine and Isolation Sites

- As of 5/16/2022 DHS has served 9,797 clients since 3/1/2020.
- Currently 71 rooms (Vagabond Inn, DTLA) are in operation to provide Q/I for individuals who are medically fragile and/or in need of ongoing medical oversight.

QI OCCUPANCY AVERAGES BY MONTH

Weekly COVID-19 Testing Capacity and Utilization at Community Testing Sites¹

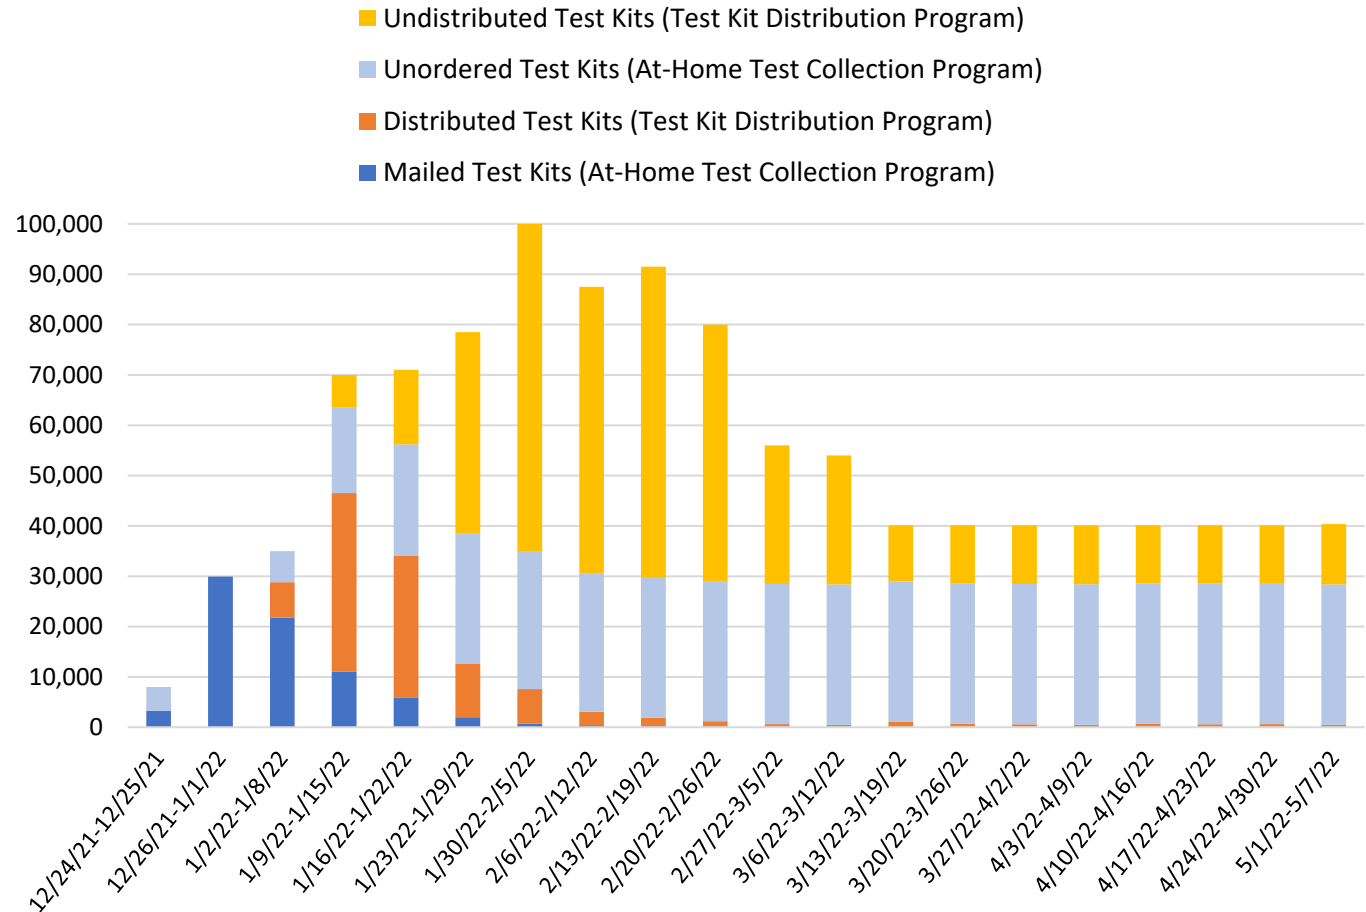

1. The graph reflects weekly testing volume and capacity at fixed/pop-up City, County, and State-supported COVID-19 community testing sites. From 2/6/22-2/28/22 testing volume and capacity at Federal COVID-19 community testing sites is captured under County Sites. Federal COVID-19 community testing sites closed on 2/28/22. Additional testing volume and capacity for over 200 additional partner testing sites are not reflected. Unused capacity includes no shows and unscheduled appointments. Asterisk (*) = Weekly averages for the month. City closed all community testing sites on 12/4/21. **This does not include the At-Home testing program and test kit distributions.**

Testing Volume/Utilization in At-Home Test Collection Program and Test Kit Distribution Sites

Overall Return Rate for Test Kits Mailed/Distributed (12/24/21 – 5/7/22)

- At-Home Test Collection: 24%
- Test Kit Distribution Sites: 37%

1.The graph reflects weekly testing volume and utilization for the At-Home test collection program and test kit distribution sites.

Sidewalk PCR Test Pick-up Pilot Program

- The Sidewalk Pick-up Pilot Program launched at 3 County library sites:
 - [Lennox Library, 4359 Lennox Blvd., Lennox, CA 90304](#)
 - [A C Bilbrew Library, 150 E. El Segundo Blvd, Los Angeles, CA 90061](#)
 - [Norwood Library, 4550 Peck Rd, El Monte, CA 91732](#)
- Pilot Program enables residents to reserve PCR testing kits and pick up the requested test kits at the curb of the designated County Library.
- Residents interested in the program can go to <https://picturegenetics.com/covid19/pre-registration>, which is operated by Fulgent, to reserve testing kits.
- Individuals who need help can call 626-350-0537 or 626-434-3596 for help with test kit reservations.
- The pilot program will be expanded to other sites, if it proves successful.
